THE VESSEL

A *true pocket cruiser* — enclosed pilothouse, private cabin, and outboard simplicity in 24 feet.

Neverland is a Bénéteau Antares 7 — the French builder's most successful pocket cruiser, and one of the very few boats under 25 feet that delivers a genuine enclosed pilothouse, a private cabin, and outboard simplicity in a single trailerable package. She runs a single Mercury outboard, carries Garmin electronics at the helm, and presents the way a boat does when it has lived under cover.

The hardtop pilothouse is why this model earned its reputation on Northwest water. A sliding door and opening side glass turn the helm from a fully enclosed wheelhouse into an open-air cockpit in seconds — the difference between a boat you use three months a year and one you use nine. Inside, a solid wenge-toned table drops to convert the settee into a berth, with a second private cabin aft, tucked under the cockpit sole. White gelcoat, warm joinery, and Bénéteau fit and finish throughout.

On deck, walkaround side decks run forward past stainless rails and a bow pulpit to a self-draining anchor locker. Aft, twin boarding platforms flank the outboard well with a folding swim ladder, making the water easy to get into and easier to get out of. Forty-six gallons of fuel give her honest range for the Sound and the San Juans, and because she trailers behind a properly rated tow vehicle, her cruising ground is not limited to her home port.

Twelve hundred hours are logged on the Mercury and the boat is offered at \$75,000 — in line with the national market for the model. Maintenance records, full spec sheet, and sea trial available on request.

VESSEL HIGHLIGHTS

— Bénéteau Antares 7 — hardtop pocket cruiser	— Single Mercury outboard · 1,200 hours
— Enclosed pilothouse — sliding door & side glass	— Garmin chartplotter at the helm
— Convertible dinette — table drops to berth	— Private aft cabin beneath the cockpit
— 24'6" LOA · 8'4" beam	— 46 gallon fuel capacity
— Walkaround decks, bow pulpit & anchor locker	— Twin boarding platforms w/ folding swim ladder
— Covered moorage · stored indoors	— Trailerable — WA registered WN 4540 AU
