THE VESSEL

A *French-built weekender* — enclosed wheelhouse, two cabins, factory backed.

The Jeanneau NC 695 is the boat that made the NC formula famous — a proper enclosed wheelhouse, a sliding side door, and full standing accommodation, all inside a 24-foot hull light enough to run behind a single 150. This 2022 example has had one owner and has been maintained since new by the Victory Boats service department.

What separates the 695 from other boats this size is that nothing about it feels borrowed from something smaller. The wheelhouse closes up completely against Northwest weather, with a sliding door aft to the cockpit and a second door forward to the side deck. Inside, a solid table and wraparound settee convert to a berth, with a further cabin forward — real overnight accommodation rather than a token cuddy.

Power is a trimmable Mercury 150 with 1,100 hours. The selling dealer has completed a full 77-point inspection and backs the engine with a one-year manufacturer warranty; engine and compression test results are available on request. Navigation is a touchscreen Garmin chartplotter and depth sounder, there is a four-speaker digital audio system, and the bottom has been freshly painted for saltwater use.

Offered at \$70,000 — in line with recent comparable sales at similar hours. Sea trial available, with the dealer offering sea-trial satisfaction before final purchase.
