THE VESSEL

A Northwest pilothouse cruiser *repowered with twin 2023 Volvo D4-300 diesels* — joystick docking, new generator, kicker fitted.

Journey is a 2005 Sea Sport Voyager 3000, one of the Pacific Northwest's most respected enclosed-pilothouse cruising and fishing platforms, and one of the most thoroughly updated examples on the market.

Her rugged fiberglass hull, all-round visibility and all-weather pilothouse are paired with mechanical upgrades that set her apart from boats of her vintage.

The headline is the twin 2023 Volvo Penta D4-300 diesel repower — 600 horsepower combined on DuoProp drives — with Volvo joystick control for effortless close-quarters handling. She has also received a new 2025 Northern Lights generator and a 25hp trolling kicker, making her as ready for a week in the San Juans as for a day offshore.

Accommodations are generous for a 30-foot vessel: a double V-berth forward, an enclosed head to port and a second double berth beneath the wheelhouse. The raised pilothouse carries helm and companion seating with excellent sightlines; the main cabin pairs a starboard galley — Princess cooktop and oven, GE Profile microwave, Novakool refrigeration — with a convertible dinette to port. Webasto diesel forced-air heat and Cruise-Air reverse-cycle climate control make her a genuine year-round boat.

A full Furuno NavNet package with dual displays, dual GPS chartplotters, radar and sounders, plus Icom VHF, electric windlass, Lenco trim tabs, radar arch, stern davit and a six-person Winslow liferaft round out a serious cruising inventory. Offered at $299,999, lying Anacortes, and shown by appointment.

VESSEL HIGHLIGHTS

— Twin 2023 Volvo Penta D4-300 diesels — 600hp combined	— Volvo joystick control · DuoProp drives
— 2025 Northern Lights generator	— 25hp trolling / kicker motor
— Dual helm and control stations	— Enclosed pilothouse with helm & companion seating
— Double V-berth, second double berth, enclosed head	— Princess cooktop & oven · GE Profile microwave · Novakool fridge
— Webasto Air Top diesel heat + Cruise-Air reverse-cycle A/C	— Furuno NavNet: dual displays, GPS, radar, sounders · Icom VHF
— Electric windlass · Lenco trim tabs · radar arch · stern davit	— 240 gal diesel in twin aluminum tanks · 50 gal fresh water
— Six-person Winslow liferaft · McMurdo EPIRB	— Hard-chined planing hull · transom door · swim platform
